

BOLT STAR® 20" KIT (020-00420)

Best Professional Tool for Setting of Anchor Bolts in 20-inch Round Pole Bases or 20" to 24" Square Concrete Foundations for Building Columns

Kit consists of one orange BOLT STAR 24"-Standard Edition and one set of red Square Form Adaptors. **For 20" round forms**, the assembled tool gets fastened to top of wood H-frame which is installed flush with the rim of the tube (see main photo below). **For square building columns** the assembled tool gets fastened to wood form, as shown in lower right photo.

- Accepts up to 1" dia. bolts, centers bolts in form
- Room to trowel finish top of base
- Markings for 7" to 14" *bolt circle* patterns
- 5" to 10" *bolt square* patterns
